*Dear Indywood Family Members,*

*The revolutionary INDYWOOD Film Carnival, the first of its kind in the world is all set for its next edition at Ramoji Film City from 01-04 December 2017 with the presence of thousands of film makers and celebrities from more than 100 countries. Our dream of integrating the entire Indian Regional Film Industry under one umbrella as a single structured industry to overtake Hollywood is going to be a reality in 5 years with an investment of Rs. 70,000 crore by a consortium of 2000 Indian Corporates and Billionaires under the guidance of KPMG.*

*The four day non stop entertainment cum business meet as a private high security function will have 15 parallel events which includes Investors' Meet, Film Market, Film Festival, Red Carpet Shows, Award Nites, Theme Parties, Talent Hunt, Expo Awards, Private Functions, Project Launches, Workshops, Producers' Meet, Celebrity Sports, Film Federation Meets, Conferences, Panel Discussions, Workshops etc.*

*Through this Carnival, we are also trying to make Ramoji Film City as the Holy Destination of global film makers to come, meet, learn and share their talent among other film family members without any monetary objectives, but for the upliftment of global film industry as their Gurudakshina to the industry while having a chance to get producers for their future projects.*

*To respect the very vision of treating all family members equal during Carnival and due to the impossibility for the organizers to sponsor or personally take care of the thousands of attending talented film makers, celebrities and media personnel, all are kindly requested to take care of your travel and accommodation well in advance like in Cannes to avoid the last minute rush, due to three times more participation this year. As the 5 star and 4 star rooms inside film city are exclusively reserved for the investors, sponsors, brand ambassadors, and foreign film makers/celebrities, you are kindly requested to book the nearby official hotels well in advance. Shuttle service shall be available from all official hotels.*

*Kindly consider this as our formal invitation to you and your family. Join us to become a part of our ever dynamic global cinema industry. Don't miss this golden opportunity!*

*Please use our complimentary registration link <http://www.ifm.co.in/vipregistration> for event registration.*

*As your first contribution towards Project Indywood, please make use of your social media network including twitter for the circulation of this.*

*Let's join hands and dream of the day when Indywood rules world film industry!*

# PROJECT INDYWOOD

India is a unique country, with people of diverse religions, languages, heritage & culture living together as one nation. Indian cinema, apart from being the chief source of entertainment, place it's role as a great unifier of people too. Spreading the wings of liberation, our films went through a series of major transformations, encompassing varied hues of human emotions while blending them with vibrance and magic of the big screen.

Though the largest film producing nation in the world, India lags behind the global standards in terms of quality of distribution and exhibition of films, ranking far behind in the list of the best movie making industries in the world. The lag is mainly due to the fragmentation of the industry on the basis of language and geographical barriers within the country. The 10 Billion USD 'Project Indywood' conceptualized by the globally acclaimed filmmaker Sohan Roy, envisages sweeping and revolutionary changes in the production, screening and marketing strategies as well as business model of the Indian cinema. The successful completion of this five year project is expected to elevate India to the pinnacle of global film industry.

The 10 Billion USD investment in India is channelled through a consortium of 2000 corporate firms and NRI investors in the form of 10,000 new 4K projection multiplex screens, 100,000 2K projection home cinemas, film studios, animation/ VFX studios and film schools conforming to international standards. Other features of the project include promoting the concept of film tourism by bringing in international film projects, industrial delegates and tourists to India, launching international co-production projects from India using Indian talents, formation of India based 'World Film Society' to operate as the integration hub of the world film industry and its associations, establishing world's largest film school, animation school and media school in India, establishing copyright protection and anti-piracy measures in India to protect film and music industries, to introduce the concept of CSR movies in India to support the debutante directors and producers and many more.

Another important mission of the project is to organize the first film carnival in India with film festival, film market, red carpets, awards, entertainments, theme parks, talent hunt, excellence awards, conferences, panel discussions, networking parties and investor meets. All Lights India International Film Festival, Indywood Film Market, Indywood Talent Hunt, Indywood Interactions etc are some of the major wings of Project Indywood.

'Project Indywood' aims to explore new avenues of market for Indian cinema. The promotion and sale of regional contents in international market, exchange of local technologies and man power, global networking of major production houses and collaborative ventures making use of local talents are some of the key highlights of the project.

'Project Indywood' is a launching pad for the Indian film industry to launch itself to the dizzy heights of global leadership. Join this incredible entertainment revolution - The Indywood Revolution- and Celebrate the Culture of India.

M Venkaiah Naidu

I am delighted to know that All Lights Film Society (ALFS) is organizing the 2nd Indywood Film Carnival from September 24 to 27, 2016 at Ramoji Film City, Hyderabad. It is seemingly planned as an elaborate affair with films ranging across several categories from India and abroad participating in competitive and non-competitive sections. Items like film appreciation, film bazaar and film tourism have also been included.

It is said that there is no business like show business. It is important that content quality and commercial interests of films should be in balance. A good film festival advances cinematic consciousness amongst the viewers. I am glad to see that private film societies are coming forward to organize film festivals of this magnitude. I wish the film carnival all success.

  
(M. Venkaiah Naidu)

## MESSAGE

I am very happy to be the chief patron of Indyywood Film Carnival organized in Hyderabad from September 24th to 27 ,2016.

I assure Telangana Government's wholehearted support to the event.

## REGIONAL PAVILION AT INDYWOOD FILM MARKET

Unity in Diversity is what they say about India. The Indywood Film Carnival is creating a bridge for the films of the world to walk towards the shores of unity. It's the vision of bringing all under one roof.

In a first of its effort anywhere in India, the Indywood Film Carnival had presented the regional pavilions where the eminent names from all over India are coming together to exhibit at a common platform in front of the world.

The vibrancy of different film industries was visible on this edition of Indywood which proclaimed the growth of support and bonds in between the Movie-Towns of India. This time we had Malayalam, Tamil, Telugu, Kannada, Gujarati, Marathi, Rajasthani, Bengali & North East film fraternity.

## BURNING WELLS LAUNCH

One of the major highlights of Indywood Film Carnival turned out to be the launch of the first Mega International 3D project - Burning Wells, co-directed by I.V Sasi and Sohan Roy. Based on the infamous Kuwait war of 1990, this USD 25 million movie's script was released with tremendous fanfare during the mega carnival. The event was attended by legendary film directors, actors and producers, and film associations in the country.

With an aim to connect the best of both national and international cinema, Burning Wells is the first international co-production deal facilitated by Project Indywood. Burning Wells is currently trending in the international film circuit and hopes to become a revolutionary step for the entire world cinema history.

# INDYWOOD TALENT HUNT

Indywood Talent Hunt offered a unique platform for young talented artists to showcase their proficiency in 12 different categories. Next generation film industry talents were identified at international students' level, found and awarded at the Indywood Film Carnival, along with an opportunity to be a part of international co-production projects from India.

Categories like script writing, lyrics writing, poster designing, acting, fashion show, music direction, still photography, production design, short film making, musical album, animation character design and online promotion with 250 finalist participants were the path-breakers which served to fulfill the acme of Indywood Talent Hunt in searching, recognizing and awarding those talented and passionate enthusiasts from round the world to showcase themselves as the 'next-gen' film industry rulers.
